HARVEST MONTH

Reduce Waste During Harvest?

EPIISODE #10

DATA IN ACTION

Storage | Sorting | Demand

02

HERE'S HOW

Orchard teams analyze:

Harvest volumes

Storage conditions

Buyer demand

03

WHAT IT REVEALS

TDeutsche
Analytics

The data can reveal:

Surplus varieties

Quality patterns

Timing gaps

04

TAKING ACTION

TDeitche
Analytics

Orchards can:

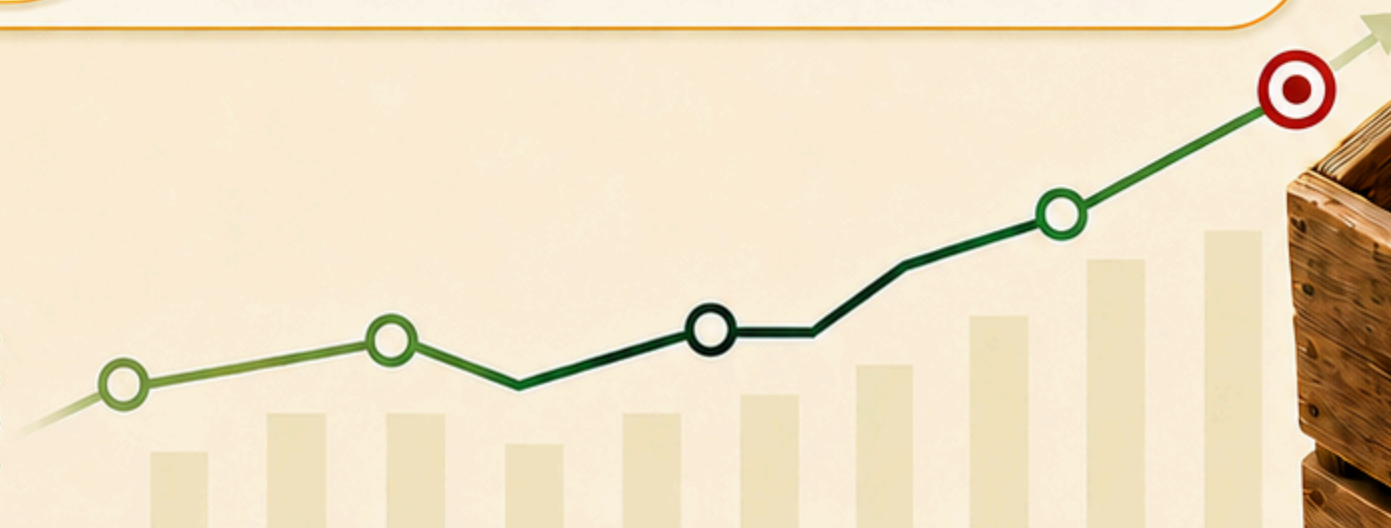

Improve storage

Redirect extra fruit

Match supply to buyers

05

THE TAKEAWAY

Good data helps:

Orchards
make **better use**
of each harvest.

BETTER INSIGHTS → BETTER DECISIONS

06

YOUR TURN
